

# OneHome™

## The prospecting and lead nurturing tool you need to win new business!

Invite your clients and prospects to use OneHome, the new Matrix™ client portal. They'll get up-to-the-minute listing information, personalized listing recommendations, neighbourhood insights, school data, and valuable home-buying and selling guidance.

You'll stay top of mind with your contacts and always know who your highest priority opportunities are, with real-time insights into client activities.

## Your brand, always!

You work hard to build your business, and every touch point you have with your clients should reflect your brand. With OneHome, agent branding is showcased, ensuring a personalized experience for your clients.

*\*Available in Prospects Mobile markets*

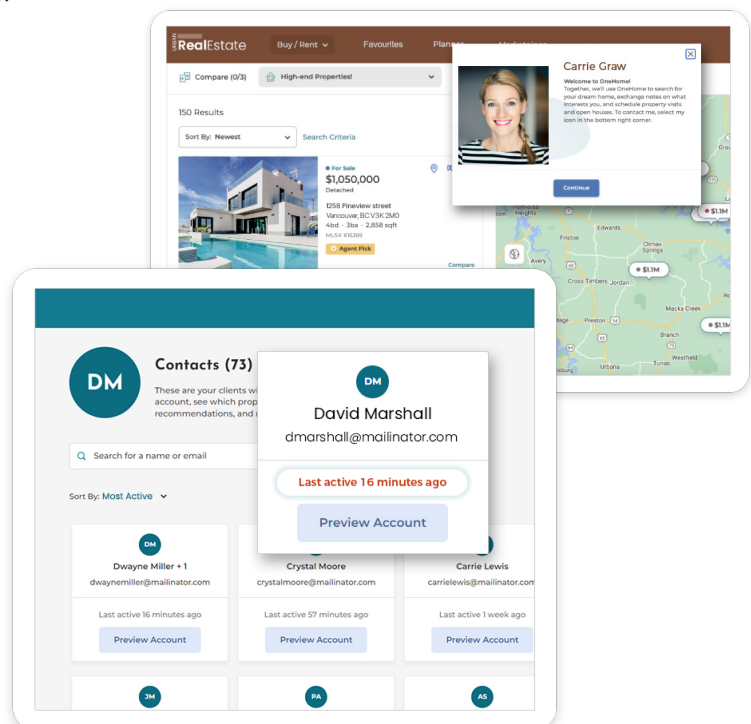

## Client insights & easy collaboration

With the new OneHome Agent Portal, your contact dashboard lets you know who your most active clients are so you can focus your time on your highest priority leads. Preview their saved searches and favourites and easily recommend properties as your personal 'Agent Picks'.

OneHome also makes it easy to collaborate with your clients! They can quickly leave you notes and request tours for properties they're interested in, all viewable by you within Matrix.

“ OneHome is so easy to use! Very attractive set up of site. Great photos. I can easily communicate with my agent. Just an all around great site. The best site I have used so far. ”

– Homebuyer, Ottawa

# For buyers and sellers—the search portal your clients will love

Your clients will have ad-free access to the most complete, accurate and up-to-the-minute listing data, straight from the multiple listing platform! Also high-quality photos, virtual tours, floor plans, estimated monthly cost, transit scores, and much more!

## High-value neighbourhood insights

It's not just about the property, it's about the neighbourhood! OneHome provides valuable insights including school ratings, nearby points-of-interest, commute drive time, and more.

## Personalized listing recommendations

PropertyFit™, an exclusive OneHome AI-enabled feature, guides buyers to properties that best match their lifestyle preferences. Every listing is scored, allowing clients to see at a glance which listings most closely suit their needs.

## Compare properties instantly

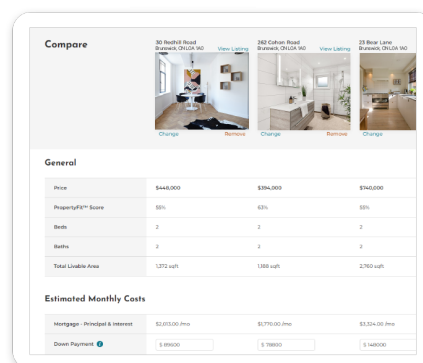

With a single click, your clients can compare multiple listings including property features, neighbourhood details, nearby schools, and estimated monthly costs.

## Calculate commute drive time

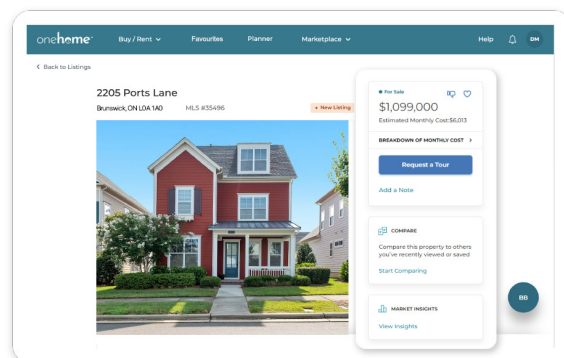

Take the uncertainty out of one of the most important factors of buying a home. OneHome has now introduced an exciting new feature allowing homebuyers to see the drive time from a listing to a specified destination. Drive times to important places like work, school, daycare, and family are automatically displayed on each listing. *\*Powered by INRIX Drive Time™; Available in select markets*

“OneHome makes it easy to search for homes based on the area I am looking for, and provides all the relevant information I need for the home and location.”
